24 May

May 24 is the 144th day of the year in the Gregorian calendar (145th in leap years). There are 221 days remaining until the end of the year.

- ▣ May 24 Day of Bulgarian education and culture and the Slavic script . According to the church calendar, the day of St. St. Cyril and Methodius, who created the prototype of the Bulgarian script, the Glagolitic alphabet , which is also a Slavic script, is celebrated on May 11.

- ▣ The Glagolitic alphabet underwent a kind of change until it took shape in its current form - Cyrillic, which is written in Bulgarian, Russian, Ukrainian, Macedonian, Serbian and other languages.

- ▣ The Cyrillic alphabet is the official alphabet in Mongolia and in some republics of the former Soviet Union, and until the 19th century it was also used in Romania.

- ▣ The connection of the date May 24 with the Day of Slavic Writing and Bulgarian Culture stems from the fact that after 1916, when the Gregorian calendar was established in Bulgaria as a state
